IN HIS FIGHT FOR LIFE

Before the War

When the world was well supplied with Whiskies, Brandies, Gins and Wines, we filled our great warehouses with the choicest products, foreign as well as domestic.

To-day these immense stocks are offered at prices which represent only a small margin of profit for us.

TYou can pay more than we charge but you cannot secure goods that are superior in quality.

RELIABLE METHOD OF HAIR CARE

Hair is by far the most conspicu-ous thing about us and is probably the most easily damaged by bud or careless treatment. If we are very careful in heir washing, we will have virtually no heir tradiles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the bur, that dissolves and entirely removes all dandruff, excess entirely removes all dandruff, excess oil and dirt, can easily be used at triffing expense by simply dissolving a teaspoonful of Cambrox (which you can get at any druggist) in a rup of hot water. This makes a full cap of shampoo liquid, enough so it is easy to apply it to all the hair to stead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. It in any leaves the scalp apotlessly clean, soft and pliant, while leasty clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After Canthrox sham-poo, arranging the hair is a pleas-ure,—Advertisement.
